

Premier of Ontario – Premier ministre de l'Ontario

September 16, 2010

A PERSONAL MESSAGE FROM THE PREMIER

On behalf of the Government of Ontario, I am delighted to extend warm greetings to everyone attending the sixth annual National Family Dinner Night, organized by M&M Meat Shops.

I believe that family rituals are important. It is the small, day-to-day things that we do together and for each other that build powerful personal connections. Family meals have a significance that goes beyond the sharing of food and experiences — it is an opportunity to nurture our relationships and celebrate the blessing that is family life.

I commend M&M Meat Shops for staging Family Dinner Night, and for dedicating proceeds from the event to the vital work of the Crohn's and Colitis Foundation of Canada. To everyone participating in this year's dinner — I applaud your commitment to this important cause.

Please accept my best wishes.
